

### **CJC Seminar in Shanghai**

CJC hosted a seminar in Shanghai in September that was very well attended by delegates from P&I Clubs, insurers, shipowners and chartering companies. Ian Short and Xi An from our Singapore Office were joined by Professor Filippo Lorenzon from the UK, with Professor Robert Chang of Shanghai Maritime University a guest speaker.

Attendees were impressed by the wide and interesting subjects which included a discussion on the Supreme Court decision in *The New Flamenco*, switch bills of lading, the law and practice of deck cargo claims in China, and developments in arbitration, focusing on Chinese and Singapore Arbitration.

The CJC Team speak regularly at seminars across Asia, including at seminars in Korea, Japan and, of course, Singapore. To express an interest in us hosting a seminar for you or to enquire about any of the topics above, please do not hesitate to contact Ian Short.
